

Please do not take away the privacy I have now gained in my home!!!!  
Please leave the indiana no-call list alone. I used to receive 20-30  
calls per week from charities,home improvement,etc.,now I only receive  
telemarketing calls maybe once every 2 weeks. The no-call list has given my  
dinner time to be peaceful without people calling  
begging for money or to offer me home improvement that I don't need.  
Charities are the worst. These people call & call no matter how many times you  
ask them to take your name off the list,they are rude & very inconsiderate of  
your privacy and they make all the good charities look bad. If I want to donate  
to a charity ,I'll make the call & send them money. If I need windows,siding,or  
a new roof,I will  
contact a home improvement agency with my needs. So again, I ask that you please  
leave the "Indiana No-Call List" just as it is, so that the million families  
that are currently on the list,as myself,can enjoy our time at home without the  
phone ringing all the time, dinner un-interrupted,and not having some  
telemarketer calling & simply being rude because you don't want to talk to them  
after a hard day at work or because you dont need their service or product. We  
put our names on the list for our privacy within our homes. We never asked these  
people, telemarketers, to call our homes. I feel that it is an invasion of my  
privacy and a million families in the state of Indiana agree. Thank you for your  
consideration.
